Details: Sit back and relax, take in the beautiful scenery as you cruise the hidden gems of the local waterways, well known sights include Conisbrough Castle, Sprotbrough Falls, and location of Historic Settlement Levitt Hagg. A firm favourite on the boat is the cruise served with Afternoon Tea. There is a full bar on board too. The Sprotbrough Riverboat company has operated passenger riverboat cruises from Doncaster since 1975. Canal and river cruises have always been a popular form of recreation on the waterways of South Yorkshire due to being very attractive and yet so close to the main centres of population. A waterway is a leisurely way to travel, which gives passengers a chance to appreciate their surroundings and view the locks, swing bridges and aqueducts, which are truly unique features of waterway travel that many people do not get the chance to experience nowadays.
