

*Hi all,*

*I am very happy and honoured to be a VP and am happy to stand for another year, if re-elected. I think all VPs have different strengths we can bring to the table. As such I enjoy knowing what is going on in the Federation, mostly from the back benches.*

*It's not been the best year for me due to health issues in those close to me, but I am always around and I will continue to do what I can. Not least I had news of a suicide recently (not a Plusser or ex Plusser) that shocked me. This person was younger than me. I am always available if anyone needs to talk, ever.*

*Ian Crawshaw VP*
